LET'S HAVE FUN THIS SUMMER

...ZOOMING...Virtual Summer Camps!

Summer Camps "2020" will be held virtually through

ZOOM. (You will not need a zoom account, just access to the zoom app. so all campers can be invited into the sessions.)

How will this work?

Each week, Sunday afternoons, campers will curb-side pick up their Summer Camp Kits with materials and directions to participate in the weekly "themed" camp. Those who are able to zoom live with the instructors, will check in at 11:00 am on the start day of each camp week, prepared to work on daily camp projects. (If you miss any of the zoom meetings scheduled each day from 11:00-1:00 pm., all directions and materials for projects, in summer camp kits, can be completed on your own time.) We have lots of great new projects planned to zoom and extra projects, and art/science experiences to work on at home. It will be AMAZING! Check out our fun themes and dates below:

Daily Schedule:

11:00- 12:00- Opening activities, instruction and time to work on daily themed projects.

12:00- Lunch break ~ Time to eat , share and interact together on-line.

12:30- 1:00 We will resume activities and share what we've made so far with the group.

There will be additional art/science ideas & suggestions to work on independently after the zoom meetings.

Independence, creativity, exploring, sharing, engagement and having fun are the goals for each Summer Camp Experience!

Members will receive 15% off camps each week, with an additional 5% off for additional siblings attending.

Projects:

Painting Ceramics, Canvas Painting, Fused Glass, Multi-Media Art, Mosaics, Clay, Watercolor, Art/Science Experiments, Food Art Ideas and much more.... Project mediums will vary based on Summer Camp Themes.
